# BG GLOBAL THROUGH ITS KEY SUBSIDIARY INVESTMENT, ISAMBANE MINING SECURES XAKWA COAL FOR MAJOR MINING OPERATIONS

BG Gobal is please to share that one of its key portfolio of operational subsidiary has inked and solidified its position as a leading force in the coal industry, by securing a landmark long-term contract with Xakwa Coal to provide full turnkey open-cast mining services at the Matsambisa Colliery near Reitspruit. This significant partnership strengthens Isambane's growing portfolio and reinforces its reputation as a key player in South Africa's energy sector.

## A Strategic Move in Coal Mining

The Matsambisa Colliery is a vital resource in South Africa's coal supply chain, and Isambane's involvement ensures a seamless, efficient, and responsible mining operation. With this contract, Isambane takes on full mining operations, managing everything from drilling and blasting to hauling and coal processing, ensuring consistent production for multiple markets services by Xakwa.

By leveraging cutting-edge mining technology, advanced safety protocols, and best-in-class operational strategies, Isambane is committed to maximizing coal extraction while minimizing environmental impact. This approach guarantees optimal efficiency and sustainability, meeting both domestic and international energy demands.

## Fueling Growth for South Africa & Beyond

This partnership between Isambane and Xakwa Coal is more than just business—it's a crucial step in securing South Africa's energy supply. A key portion of the mined coal will supply Eskom, supporting the country's power generation needs, while additional production is allocated for inland industrial use and global export markets.

With an ever-increasing demand for coal in various sectors, Isambane's ability to produce and deliver high-quality coal strengthens South Africa's presence in international trade while keeping local industries powered and operational.
