ISAMBANE MINING EXPANDS FLEET WITH NEW DELIVERY FROM BELL EQUIPMENT

Big news from the Mpumalanga coalfields! Isambane Mining, one of the region's largest contract mining operators, has taken delivery of a brand-new fleet of heavy-duty equipment from Bell Equipment's Middelburg branch.
The latest addition to their operations includes:

- 20 Bell B40E Articulated Dump Trucks (ADTs)
- 3 Kobelco SK850LC-8 Excavators

This powerful fleet will soon be deployed at a major opencast coal mine near Middelburg, reinforcing Isambane Mining's capabilities to take on large-scale mining projects with precision and efficiency.

A Decade of Partnership and Performance

Isambane Mining has trusted Bell Equipment for its haulage needs since the company's founding in 2007. Over the years, Bell ADTs have become the backbone of Isambane's operations, thanks to their reliability, durability, and proven performance in demanding mining environments.
This delivery brings Isambane's impressive haulage fleet to 77 Bell ADTs, including six of the massive B60 ADTs, which have become key players in handling high-volume material movement.

Powering the Future of Contract Mining

In recent years, the coal mining sector has increasingly turned to contract mining operators like Isambane to help streamline operations and improve efficiency. By expanding its fleet with these new machines, Isambane Mining is well-positioned to continue delivering top-tier contract mining services to some of the biggest names in the industry.

ISAMBANE MINING EXPANDS FLEET WITH NEW DELIVERY FROM BELL EQUIPMENT

Bell Equipment: A Trusted Partner

Bell Equipment has long been recognized as a leading supplier of heavy machinery, with a reputation for providing customized solutions and exceptional after-sales service. This delivery to Isambane Mining once again highlights the company's commitment to helping mining operators thrive in tough conditions.

As Isambane Mining continues to grow, it's clear that the combination of powerful equipment, experienced operators, and strategic partnerships will keep driving success in the Mpumalanga coalfields.
