

“A diversified international investment firm with a global perspective for global excellence”

MCS JOINS COALTECH: DRIVING INNOVATION AND SUSTAINABILITY IN MINING

In a groundbreaking move that underscores its commitment to innovation, sustainability, and industry leadership, MCS (Pty) Ltd has officially joined Coaltech, the coal industry's leading collaborative research and development initiative. With this step, MCS strengthens its role in advancing cutting-edge technologies and shaping the future of sustainable mining.

A Legacy of Excellence and Global Impact

For over three decades, MCS has been a bastion of mining efficiency, optimization, and value creation. With deep expertise spanning exploration, design, development, and operations in both underground and surface coal mines, MCS has built a reputation for driving exceptional results on a global scale. By leveraging advanced technology, strategic consulting, and operational insight, the company has consistently delivered innovative solutions to maximize mining productivity while ensuring safety and sustainability.

The company's commitment to excellence is further reflected in its recent achievement as a Level 1 BBBEE organization—a direct result of BG Global (Pty) Ltd's acquisition of a 100% stake in MCS. This strategic acquisition not only amplifies MCS' market position but also underscores its dedication to inclusive growth, transformation, and industry leadership.

Joining Forces to Shape the Future of Mining

By becoming part of Coaltech, MCS joins a dynamic network of industry leaders, researchers, and innovators focused on addressing key challenges in the coal sector, including:

- Sustainability and environmental stewardship
- Technological innovation in mining processes
- Efficiency in coal extraction and utilization

MCS JOINS COALTECH: DRIVING INNOVATION AND SUSTAINABILITY IN MINING

MCS' contribution to Coaltech will enhance its ability to drive smarter, safer, and more sustainable mining solutions, bringing its wealth of expertise to the collaborative R&D efforts that Coaltech champions. This partnership aims to unlock new opportunities for sustainable growth and ensure the long-term viability of coal mining in an evolving global landscape.

A Shared Vision for a Resilient Mining Future

MCS' entry into Coaltech marks the beginning of a new chapter in its ongoing mission to innovate and lead. With a sharpened focus on sustainability, inclusive industry transformation, and technological advancement, MCS is well-positioned to contribute to the coal industry's resilience and evolution.

This milestone is more than just a partnership—it is a testament to MCS' forward-thinking approach and unwavering commitment to shaping a better, smarter, and more sustainable future for mining.

Together, we are building a coal sector that is resilient, innovative, and ready to meet the challenges of tomorrow.
