“A diversified international investment firm with a global perspective for global excellence”

BG GLOBAL (PTY) LIMITED ANNOUNCES THE DISPOSAL OF ITS SHAREHOLDING IN REPRO SIGNS

BG Global (Pty) Limited confirms that it has concluded the sale of its minority shareholding in Repro Signs.

This marks the close of a meaningful chapter that began in 2023 when BG Global partnered with Repro Signs through a strategic minority investment and board participation.

Founded in 1990 in Gauteng Province, Repro Signs has built a proud three-decade legacy as a designer and manufacturer of turnkey signage solutions, serving industries across road infrastructure, construction, mining, and safety sectors. Its commitment to quality, reliability, and industry relevance has remained central to its continued success.

Over the course of the partnership, the focus was simple — support stability, strengthen governance, and contribute to sustainable long-term growth. The relationship was built on mutual respect and a shared commitment to building defensible, resilient businesses in essential industries.

As part of BG Global's ongoing portfolio strategy and natural investment lifecycle, the decision has been taken to exit the shareholding and allow Repro Signs to continue its journey independently.

BG Global expresses its appreciation for the period of collaboration and acknowledges the strong foundation that exists within Repro Signs as it moves forward into its next phase.

BG Global remains committed to identifying and partnering with businesses that demonstrate durability, integrity, and long-term growth potential — always guided by its global perspective and pursuit of excellence.
